Ghana Domain Name Registry (GDNR)

To Whom It May Concern,

I am writing to express Marcaria's formal interest in becoming an accredited registrar for the .GH domain under the Ghana Domain Name Registry (GDNR). With over 21 years of experience in the domain registration industry, Marcaria.com has established itself as a trusted and reliable partner for businesses and individuals worldwide. As an ICANN-accredited registrar (ID 1086), we are committed to upholding the highest standards of service and security in domain management.

Our extensive experience in managing a diverse portfolio of domain extensions, coupled with our dedication to customer satisfaction, positions us uniquely to contribute to the growth and success of the .GH domain. We are accredited in over 100 ccTLD Registries, more than 500 gTLD Registries, and manage over 170 thousand domain names. We believe that our expertise and resources can significantly enhance the visibility and adoption of the .GH brand, both locally and internationally. Our goal is to support the GDNR in promoting the .GH domain as a symbol of Ghana's digital identity and economic progress.

At Marcaria.com, we are passionate about fostering innovation and providing our clients with the tools they need to succeed online. Our support staff are experts in the countries and domain extensions they manage and work hand in hand with the registries to provide our customers with accurate and up to date knowledge. We are excited about the opportunity to collaborate with the GDNR and leverage our capabilities to drive the .GH domain's growth. We are confident that our partnership will bring mutual benefits and contribute to the broader development of Ghana's digital landscape.

Thank you for considering our application. We look forward to the possibility of working together to achieve these shared goals. Please feel free to contact me at andrew.sawyer@marcaria.com or +1 (786)-438-5356 if you require any further information or have any questions.

Sincerely,

Andrew Sawyer
